

# California Community Colleges Classified Senate

## Corporate Sponsors

Dear 4CS Corporate Sponsor:

Established in 1993, the California Community Colleges Classified Senate (4CS) is a non-profit, public benefit corporation. As a statewide participatory governance organization for all community college classified employees, 4CS is dedicated to supporting student success, a classified voice in governance, and the overall mission of the California Community College system. For all classified employees and our members, the 60<sup>+</sup> local classified senates and councils throughout the state, we serve as an advocate and a resource in their governance role by promoting collegiality, supporting leadership development, and facilitating communication.

There are a number of ways in which 4CS works to promote leadership development, most notably by offering the annual Classified Leadership Institute (CLI) in partnership with the Community College League of California. As requested, 4CS also conducts presentations and workshops at local community college events, annual League conferences, and other events put on by community college related organizations. In addition, 4CS represents classified employees by attending many statewide level California Community College meetings, educational conferences, and California legislative activities to share information, advocate positive solutions, and promote the classified perspective to benefit our public educational systems.

As the organization has grown and developed so have our members' expectations for the level of involvement by the 4CS Board members at the state and local levels. In order for this all-volunteer board to accomplish the 4CS mission and increase its effectiveness, we rely financially on local district/college support, supporting memberships, individual and corporate sponsors, and specific fundraising events. It is only through your continued support that 4CS can continue to grow and provide vital services to the governance structures of the California Community Colleges. Through your support of 4CS, we will be able to fund board travel to meetings and events, provide a quality speakers bureau, design and provide quality workshops and conferences (including CLI,) represent the classified perspective at statewide meetings, work effectively with other community college organizations, and promote positive communication and information sharing efforts throughout the state for the purpose of improving our community college system for our students, communities, and staff.

Thank you for your dedication and support.

Sincerely,  
Board of Directors  
California Community Colleges Classified Senate
